

OMPHALUS HARKIE KUA

Graphic Designer and Front end web developer

+ CONTACT

I am a passionate graphic and web designer as well as a web developer. I am inspired by the modern trends in graphic design and web development.

Web development has been my latest passion which I have found to be very useful as a platform in itself.

I design with consideration for UI/UX for websites while creating or maintaining a theme which helps a lot in marketing, advertising or promotion. I find designing very interesting challenging and satisfying.

I want a path within the creative industry where I wish to earn my experience and reputation through learning and sharing ideas with other creative individuals. I take pride in applying my knowledge and skills in what I do and I always have a willing to learn attitude toward my approach both in work and play.

"Creativity is something i enjoy most"

ATTRIBUTES

I am a people-person and although English is my third language, I am able to speak it confidently. I am respectful toward others which has made me become a good listener. I attempt to tasks set out by others with a forward drive and attitude for a rewarding outcome. I always try to set realistic goals as I know my work ethic is my most reliable factor.

HIGHLIGHTS

I have been a single-father since 2008 to my only son who turned 14 in 2018. I was selected to represent my country (Papua New Guinea) to play against the Australian (Kangaroos) for an international NRL match in 2006. My hobbies are playing the guitar and cooking as well as drawing and painting. When I was 14, I won the first prize for my country's national art competition in my age group.
